Services

You have a great product and an ecommerce business with plans to grow your business.

But do you worry about how to manage your business – fulfilling customer orders, providing customer service, generating sales, sourcing products and trying to grow your business, all at the same time?

What if we tell you that there is a service which can help you grow your business and save time, make customers happy and help you make more money?

That's **E-fulfilment by Naqel Express**.

E-fulfilment by Naqel Express makes your product more easily accessible to customers locally and globally with fast deliveries. Our acclaimed 'logistics with care' customer service takes your business to the next level.

Here is what you can do:

A. Sign up to our e-fulfilment service in 4 simple steps

1. Agree upon the quotation.
2. Sign the e-fulfilment contract.
3. Complete the integration of your online shop with our e-fulfilment service.
4. Undergo the training on how you can use our e-fulfilment service.

B. Test how to use our e-fulfilment service

1. Send your delivery request to Naqel Express state-of-the-art e-fulfilment centre nearest to you.
 - a. We choose the storage based on the volume and storage guidelines of your request.
 - b. Storage space is allocated.
2. We receive your shipment, take stock, examine the inventory, label it and store your products securely.
3. Your inventory is recorded.
4. A trial test of the e-fulfilment process is carried out. If any problems are faced, they are rectified. If the test goes fine you are ready to start the shipment of your orders.

When customers buy your product online we will pick, pack and ship them. We also manage your customer service and returns 24/7.
